## 2024 Mid Week XC Series Race #2 - Tuesday, May 28 Round Valley Trails, Quinn's Junction Trailhead, Park City

### WEATHER

The spring weather in Utah can be unpredictable, make sure you bring whatever you need for rain or shine! (We've even been lucky enough to get the occasional snow).

### VOLUNTEER

We cannot run a race without our volunteers. Please encourage family and friends to sign up for a volunteer position [HERE](#).

### REGISTRATION INFO

[Race day registration](#) is available! Beginning at midnight on race day, the price goes up - sign up now or share the link with someone who would like to join us. It's also not too late to [purchase a season pass](#).

Race plates must be purchased with your first Mid Week race registration or season pass. You will use this race plate for any Mid Week XC or Mini Enduro race during the 2024 season. If at any point during the Mid Week MTB Series you misplace, lose, or otherwise forget to bring your assigned race plate, we'll happily provide you with a replacement plate for a \$15 fee.

### PARKING

Parking will be in the [dirt parking lot at Quinn's Junction](#). Parking tends to fill up quickly - please carpool to this event. Overflow parking is down in the Quinn's Junction paved lots. Please do not park at the ice arena.

## **CHECK IN + RACE PLATE PICK UP**

Check-in is available from 4:00-6:00 pm. Bike Utah tents will be set up in the south side of the parking lot. If you raced at XC#1, you will already have a race plate and do not need to check in at this race. Please proceed directly to the start line before your assigned start time.

## **WARM-UPS + START TIMES**

Warm ups will be allowed on course until 5:15 pm. **Please be courteous as you warm up. These are very popular and busy trails and we would like to be good guests!** There are plenty of trails and roads in the area to use for your warm up other than the race course after 5:15!

You must be lined up and ready to race **5 MINUTES** before your posted start time.

## **FREE KIDS RACE**

The kids race will consist of a small loop (just under 1 mile) on double track trails. It is suitable for children on strider bikes and those who are riding mountain bikes, but are not quite ready for the Youth/Beginner loop. Prizes are available to all racers when they finish.

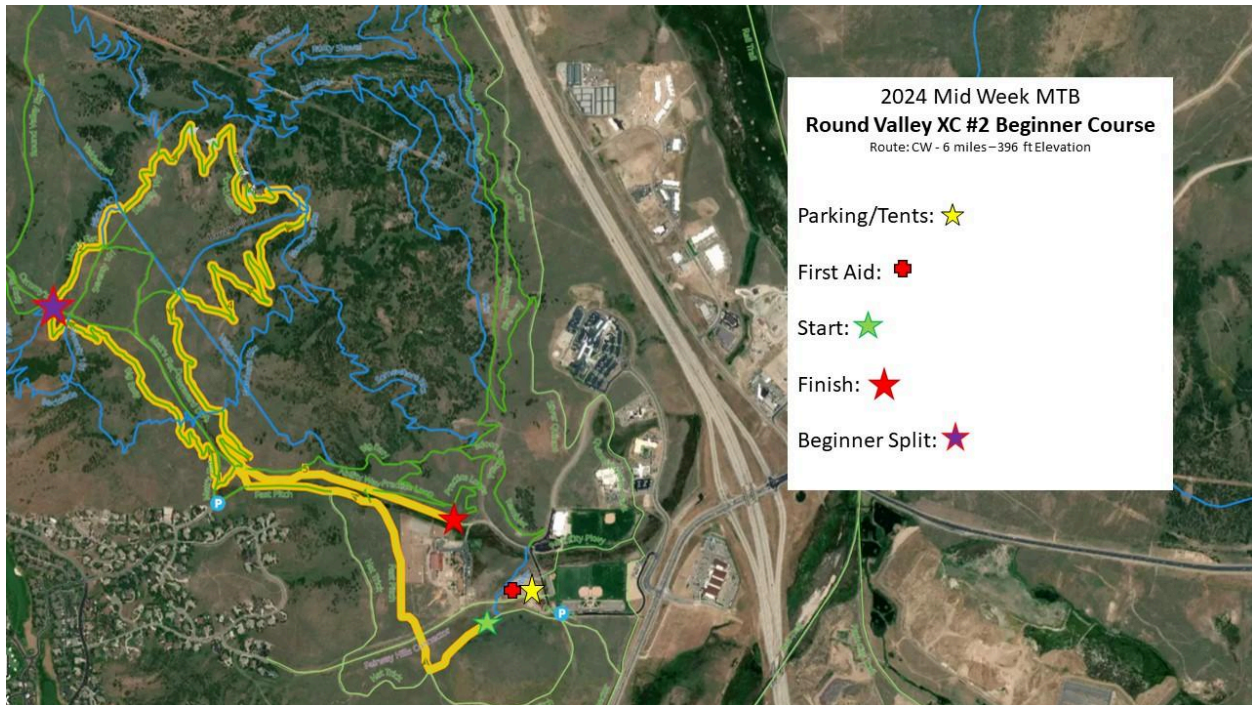

Free registration for this race begins at 5:30 pm at the Bike Utah tents. Parents must sign a race waiver, and racers will have the opportunity to decorate their own race plates. Helmets and closed toe shoes are mandatory.

## **POST-RACE**

Stick around for our sponsor-donated swag giveaway post-race. We'll host this drawing at the Bike Utah tents after everyone has crossed the finish line. All racers and volunteers will get a free entry into this giveaway.

## **COURSE MAPS**

### **Youth/Beginner/Short Course**

This is a flowy 6 mile course with 396 ft of elevation gain. All Youth/Beginners/Short Course riders will complete 1 lap going clockwise. The course begins on a dirt road with plenty of passing opportunities before merging onto The Big Easy. This flowy climb will end where the Youth/Beginner/Short Course categories split off from the main course and continue up Matt's Flat to PorcuClimb. This is a continuation of the easy and flowy climb. You are rewarded at the top of the climb with a fun downhill down Down Dog to Ability Way where you will have a few minutes on the dirt road to make your move before the finish line. There is nothing technical on this course. It will be fun and it will be fast!

### **KNOW YOUR COURSE!**

Parents of youth and young beginner racers - please communicate with your racer and inform them which category they are in and which course they are riding. Trail marshals and course markings/signs can only help if a racer knows where they are supposed to go in the first place!

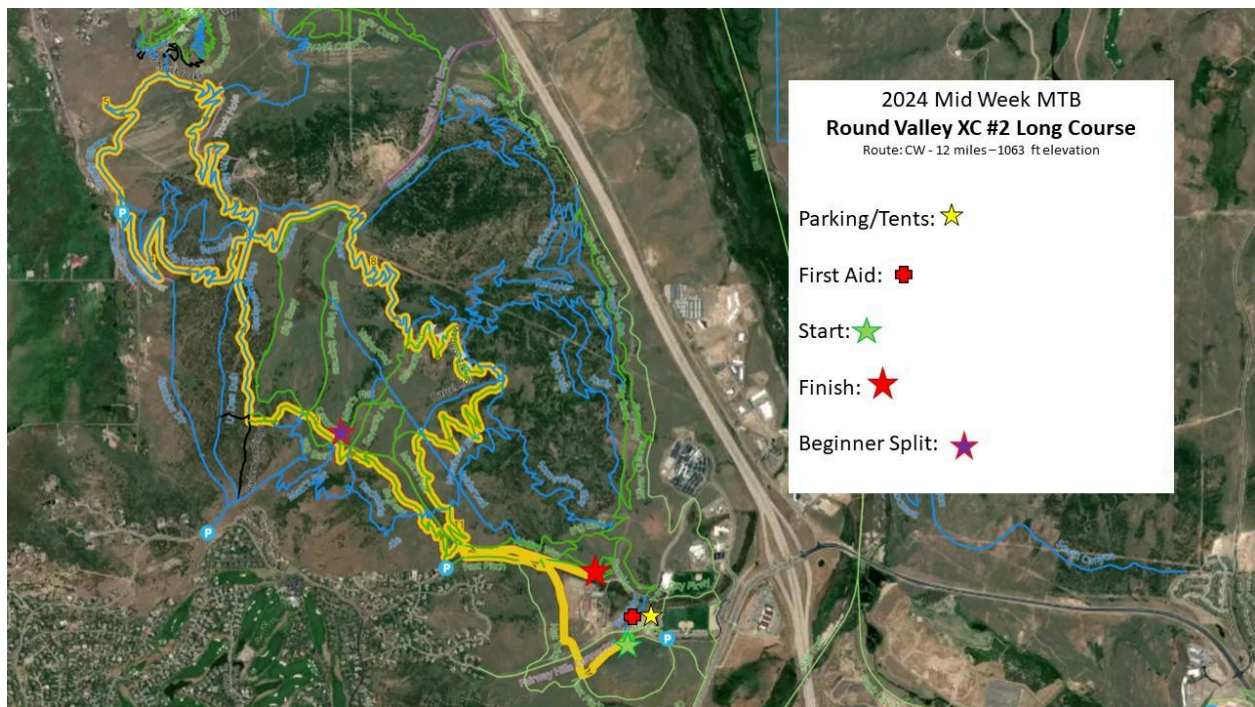

### **YOU WILL ENCOUNTER OTHER RIDERS**

At some point in the race, all racers will be on course. With varying levels of skill and ability, you will pass another racer and you will be passed by another racer. PASS and YIELD when appropriate and with care. BE NICE.

### **BE NICE**

Please know that all trails on our race courses are open to the public at all times. We give notice of our event, but we DO NOT close trails for our races. Keep your eyes up and watch out for hikers, other cyclists, and animals (domesticated or otherwise). Good trail etiquette applies at all times - especially during races! CYCLISTS YIELD TO EVERYONE. Be nice, and say hi to anyone you encounter. THANK A TRAIL MARSHAL as you go by them!

## Sport/Expert/Pro/Masters/Single Speed/Long Course

This is a flowy 12 mile course with 1063 ft of elevation gain. The course begins on double track with plenty of space to get in position before hitting the single track for a gradual climb up to Radman Ridge. From there you have a descent down Radman Ridge with a left turn onto Pulp Friction, a fun and fast rip downhill. Following that fun downhill, you'll have another gradual climb back up the hill and a small descent over to your final climb up Rambler and PorcuClimb. Your final descent is DownDog and onto Ability Way double track for a fast finish. There is nothing very technical on this course. It will be fun and it will be fast!
